Hans your service was outstanding. Nothing but class from start to finish! We are absolutely happy with the home we Bought & Sold! Without a doubt we would use you as our real estate agent again and will be recommending you to friends and family.

A 9,999 in service! Hans was great in getting not only the price we wanted but in getting us the home we were looking for. He is patient and cordial. His fresh approach & ideas stood out to us. He was not afraid of going back to the seller's when we were buying & did not back down when we were almost ready to commit to a higher price. We are more than happy with the property we sold & got more than we had in mind. We have already recommended him to others & will be using him again in the future.
